

Case Study: Bam Nuttall

Contract: Formwork & Reinforced Concrete to Sea Defences, Ceredigion, Wales

The Situation

Bam Nuttall required a specialist contractor to carry out all of the FRC works and concrete repair to sea defences Aberaeron.

The Solution

Trueform provided skilled labour, formwork and falsework that was required for this challenging marine contract.

The Benefits

Trueform's experience within the marine environment ensured that this project was delivered on time and within budget.

"Through collaboration Trueform overcame all of the technical issues and safety requirements of this challenging project"

Ray Jones, Project Manager
